

**Our District 14 Conference goes virtual**

**9 - 10 October 2021**

Dear Zontian of District 14,

This is not your usual Zonta District 14 newsletter. These are extraordinary times, therefore we are ready to leave our familiar paths and find new ways and solutions.

---

**Prepare for the worst, go for the best!**

At our last board meeting the board of your District 14 came to the conclusion, that we cannot guarantee to hold a District Conference, in which everybody can participate personally. But we want to give everybody in our District the opportunity to experience our District Conference, despite travel restrictions and possible lock-downs.

Therefore we unanimously made the decision to hold our first virtual District Conference.

---

## It will be an innovative way of doing Zonta business

- **Sustainable** by saving travel emissions, by saving energy and waste (fuel, electricity, materials, food)
- **Saving individual energy** (no booking, no travelling)
- **Reduction of costs** for participants (no travelling, no hotel)
- Flexibility to attend single sessions or the whole conference
- Possibility of **combining with daily routines** of work and social life
- **Inclusive** (all Zontians of our District can participate regardless of their country of origin, physical condition, family and professional situation)
- Easy to enrich the program with **additional tools** (pre-recorded videos, surveys, etc.)

You will hear exciting keynote speakers and have an online forum for Questions & Answers. Together, we will honor our Awards and Scholarships winners, and we will experience FUN elements! We will keep you posted as we start this journey.

**We are ready to work hard on the program to make it a once-in-a-lifetime experience for you.**

9 - 10  
October 2021
